Diese Vatnik Suppe bespricht das Alaska-Fiasko. Es ist der Höhepunkt von Trumps 2-jährigem Verrat an der Ukraine. Was als „Friedensgespräche“ verkauft wurde, war ein Spektakel der Schwäche, Demütigung, leeren Versprechungen & Fototerminen, das Putin alles gab was er wollte.

Als Erstes, Trump will unbedingt die Goldmedaille, also den Friedensnobelpreis, vor allem weil Obama ihn bekommen hat. Deshalb spielt er jetzt in jedem Konflikt den „Friedensstifter“: Israel-Gaza, Aserbaidshan-Armenien, Indien-Pakistan und natürlich Ukraine-Russland.

A THEORY OF TRUMP KOMPROMAT

Why the President is so nice to Putin, even when Putin might not want him to be.

By Adam Davidson

President Trump's persistent deference to Vladimir Putin has led many people to speculate that the Russian President is holding something over him. Photograph by Brendan Smialowski / AFP / Getty

@TimothyDSnyder

A guess about a point Putin and Trump agreed on: that Putin won't release the files about Russia's campaigns to support Trump in 2016 and 2020 so long as Trump continues to aid Russia's war.

Der ehem. KGB-Chef von Kasachstan, Alnur Mussayev, behauptete, dass Trump 1987 unter dem Codenamen „Krasnov“ von der UdSSR rekrutiert worden sei. Es gibt keine klaren Beweise, aber Trumps Verhalten erscheint angesichts des begrenzten globalen Einflusses von  sehr seltsam.

Schon die Vorbereitungen für Alaska waren katastrophal. Trumps Lieblingsimmobilienmakler Steven Witkoff reiste ohne Fachwissen & geeigneten Dolmetscher nach Moskau, um erneut von Kreml-Spionen ausgespielt zu werden, die ihre Forderungen nach dem Treffen sofort änderten.

Trump's envoy 'misunderstood' Putin's territorial demands as concessions, media report

Selbst der Ort des Gipfels war gut für 🇷🇺, da Alaska einst 🇷🇺 war & von einem Zaren an die USA verkauft wurde. Die Russen haben die Idee aufgebauscht, dass Alaska unter 🇷🇺 Herrschaft zurückkehren sollte: Putin dort zu empfangen, war ein weiterer symbolischer Sieg für ihn.

Russian propaganda has come up with the false narrative that Alaska was not sold but leased for 99 years, although there is no evidence to back this up. According to the myth, the Soviet Union decided not to take the peninsula back in 1966.

Another myth circulated in Russia is that the country never received the gold for Alaska, as it allegedly sank in a sea storm while being transported by ship.

Trotzdem gab es Optimismus, da Trump versprochen hatte, dass die 🇺🇸 alle Hilfe zur Verteidigung der Zivilbevölkerung erhalten würde & gewarnt hatte, dass es „sehr

schwerwiegende Konsequenzen" für Putin geben würde - eine Lüge, so wie „Ich werde den Krieg in 24h beenden“...

Trump warns of 'severe consequences' if Putin does not agree to stop war after summit

- Fox News edited out remarks by Trump when it replayed an interview with him.
- In the part excluded, he said he could have let Russia have parts of Ukraine.
- Trump has long drawn criticism for his refusal to criticise Russia.

Fox News cut out comments by former President Donald Trump in which he said he would have considered letting Russia have parts of Ukraine as part of a peace deal between the nations.

In an interview on Fox News host Sean Hannity's radio show on Monday, which is not broadcast by Fox, Trump revealed how he would try and broker a peace deal between Russia and Ukraine in the wake of Russia's invasion last year.

Trump has claimed he can quickly bring an end to the war as he seeks election again in 2024.

(CNN) — President Donald Trump slammed Ukraine's President Volodymyr Zelensky on Wednesday for his comments that Ukraine wouldn't recognize Russian control of Crimea, calling the remarks "very harmful to the Peace Negotiations with Russia."

"It's inflammatory statements like Zelenskyy's that makes it so difficult to settle this War. He has nothing to boast about! The situation for Ukraine is dire — He can have Peace or, he can fight for another three years before losing the whole Country," he posted on Truth Social.

Trump tells Zelensky to give up Crimea and joining NATO ahead of White House talks

By Kathleen Magramo, Lauren Kent and Tim Lister, CNN
Updated 7:24 AM EDT, Mon August 18, 2025

What we're covering

- Zelensky in Washington:** Ukrainian President Volodymyr Zelensky has arrived in Washington, DC, where he will be joined by key European leaders when he meets with Donald Trump this afternoon. Trump says Zelensky must agree to some of Russia's conditions — including that Ukraine cede Crimea and agree never to join NATO — for the war to end.
- Potential security guarantees:** At last week's summit with Trump, President Vladimir Putin agreed to allow security guarantees for Ukraine and made concessions on "land swaps" as part of a potential peace deal, US envoy Steve Witkoff told CNN. Zelensky suggested that such guarantees would need to be stronger than those that "didn't work" in the past. Russia has yet to mention such agreements.
- Change in tactics:** Trump is now focused on securing a peace deal without pursuing a ceasefire due to his progress with Putin, Witkoff said. In seeking this deal, Trump has backed away from his threat of new sanctions on Moscow, despite calls to impose more economic pressure.

Trump to abandon Russia war crimes prosecution

Washington signals end to pursuit of Putin as third anniversary of Ukraine invasion looms

The US has signalled that it could leave an international effort to prosecute Russia for invading Ukraine, The Telegraph can reveal.

US envoys refused to label Russia as an “aggressor” at a meeting of a “core group” of countries preparing a Nuremberg-style tribunal to try Vladimir Putin for his war crimes, according to Western officials.

Washington is similarly refusing to co-sponsor a United Nations statement that supports Ukraine’s territorial integrity and demands Moscow to withdraw its forces from the war-torn nation.

Mr Trump’s administration has also refused to sign off a planned G7 statement calling Russia the “aggressor” in the war with Ukraine to mark the third anniversary of the conflict on Monday.

The US president has blamed Ukraine for starting the war, branded Volodymyr Zelensky a “dictator” and pushed for Russia to be invited back to the alliance of industrialised nations.

European officials fear Mr Trump’s flattery of Putin could lead to the Russian despot being let off the hook for his invasion as part of any peace settlement.

Trump to meet Zelensky one-on-one, without European leaders - Bild

The US President will hold a one-on-one meeting with Volodymyr Zelensky, and then representatives of the EU and NATO will join them. A joint working dinner and discussions in an expanded format are planned.

Der Immobilienmagnat Witkoff deutete unterdessen an, dass Putin zugestimmt habe, ein Gesetz zu erlassen, das besagt, dass  „keine anderen europäischen Länder angreifen“ werde. In Putins  bedeutet das aber nichts - es gibt bereits ein solches Gesetz:

Während Trump & die 🇪🇺 Staats- & Regierungschefs versuchen, Sicherheitsgarantien für die 🇺🇦 auszuarbeiten, intensiviert 🇷🇺 massiv seine Rüstungsproduktion & übertrifft die der NATO um ein Vielfaches. Russland sieht nicht wie ein Land aus, das sich auf Frieden vorbereitet!

President Zelenskyy of Ukraine can end the war with Russia almost immediately, if he wants to, or he can continue to fight. Remember how it started. No getting back Obama given Crimea (12 years ago, without a shot being fired!), and NO GOING INTO NATO BY UKRAINE. Some things never change!!!
