In today's Vatnik Soup REBREW, I'll re-introduce the American-British social media personalities, Tristan and Andrew Tate (@tatethetalisman and @cibratate).

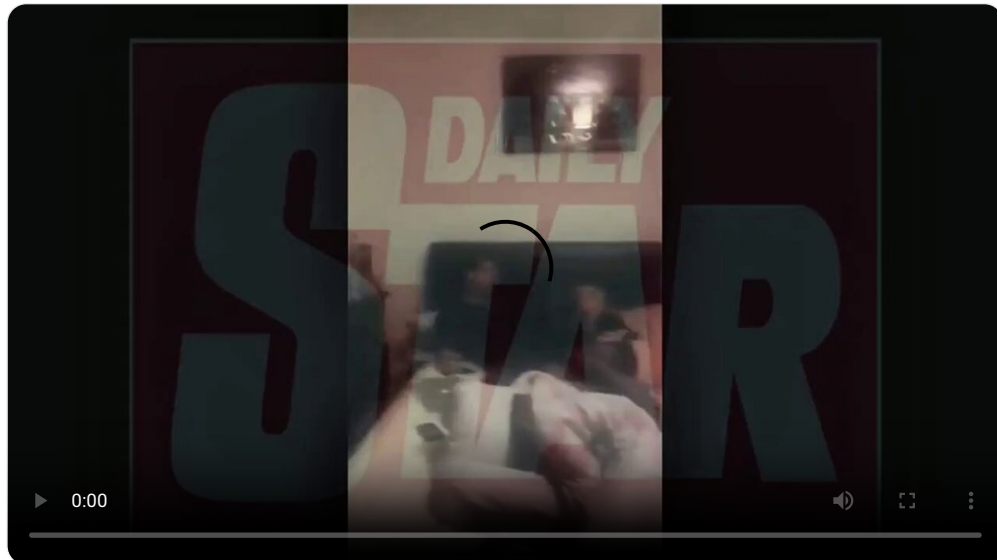

They're best-known for their social media grifts and allegations of human trafficking and rape.

1/22

The history of the Tate brothers was introduced thoroughly in my original Vatnik Soup thread, but since then so much has happened that this pathetic duo needs another review. The soup will go through a lot of the evidence and videos in which the Tates incriminate themselves.

2/22

The Tates became (relatively) rich through their webcam (pimping?) businesses and self-help courses targeted at young, desperate (incel?) men. At some point, they had up to 75 women working for them, and the brothers later admitted that the business was a “total scam”.

3/22

In an interview with *The Mirror* in March 2022, Tate and his brother Tristan revealed they run an adult webcam business, which employs lingerie-clad models to have chat sessions with men.

During the chats, which are charged at \$4 (£3.30) an hour, the models tell male callers about “fake sob stories”.

The brothers admitted that the operation was a “total scam”, but they are protected by two lines in their terms and conditions.

Tristan said: “One is broadcasting is ‘for entertainment purposes only’. That means if a model says she has a sick dog or a sick grandma it doesn’t have to be true. The next is that all cash given to models is ‘a voluntary sign of gratitude for their time broadcasting’.”

Later they launched several pyramid scheme-type platforms like “Hustler’s University”, “The Real World” and “War Room”. All of them were costly, required their users to work for Andrew, and offered very little substance. How do we know this? Lemme tell you.

In Nov 2024, the Tates' "Real World" Discord clone was hacked and all the information leaked. The Tates stole the code for the server, along with its vulnerabilities, from another project called Revolt. Tech-savvy people realized this and breached and took over the server.

### Background

Hello, I don't know who and how many people will see this so I should probably start off by introducing myself, I am the creator and lead developer of Revolt, an open-source AGPL licensed chat platform. I go online by the pseudonym @insert and I'm a full-time student studying Computer Science in London.

I started Revolt around 2019 when I was just 16 years old and have grown it to reach an audience I would have never imagined I would. Fast forward to today and we have several companies trying to take my and others' hard work without any repercussions (though we will only focus on Andrew Tate in this instance).

The hackers stole detailed information of over 320,000 emails, and contents of all public and private chats which were then given to DDoSecrets for anyone to review. According to the

metrics, the site was earning the Tates around 5.6 million USD per month.

Chat logs from Andrew Tate's subscription course service The Real World, previously known as "Hustler's University." The logs are taken from the platform's 221 public and 395 private chat servers, which are spread across a dozen "campuses." According to the site's metrics, it generates approximately \$5,650,000 monthly. The data also includes 324,382 unique email addresses that appear to belong to users who were removed from the main database after they stopped paying their subscriptions.

## Andrew Tate threatens to sue accuser in bid to 'shut down' testimony

Former kickboxer has reportedly threatened to sue woman and her parents for \$300m in defamation lawsuit

Andy Gregory • Saturday 18 February 2023 11:37 GMT

In 2024 the case grew even bigger: a second indictment mentioned 35 alleged victims of trafficking, including one who was only 15 at the time.

As if this wasn't bad enough, the bros are being investigated in the UK for allegations of rape, human trafficking and tax evasion.

8/22

## What have the Tates been accused of in Romania?

In 2022, the **brothers were arrested** along with two Romanian women on charges of human trafficking, rape and forming a criminal gang to sexually exploit women.

In 2023, Romanian authorities formally charged the brothers, naming seven alleged victims. Prosecutors alleged Andrew raped at least once of them repeatedly and coerced the women through threats of violence and financial ruin. The brothers had been held under house arrest on and off since 2022 and were ordered to remain in the country awaiting trial.

In 2024, a second indictment was filed that mentioned 35 alleged victims of trafficking, including one who was 15 years old at the time.

In December, a court in Bucharest ruled that the case against the Tates and the two Romanian women could not go to trial because of multiple legal and procedural irregularities on the part of the prosecutors.

The brothers have denied all the allegations against them and say their wealth has made them targets. “I’m sure at the end we’ll be absolutely exonerated,” Andrew Tate told reporters in August last year.

## What have the brothers been accused of in the UK?

The brothers are wanted by UK authorities, who filed an extradition request over allegations of sexual aggression in a case dating back to 2012.

Last year, a **warrant was granted** to Bedfordshire police as part of an investigation into allegations of rape and human trafficking. A Romanian court has ruled that proceedings in Romania must be concluded first.

Andrew Tate is also facing a separate civil action from four women who have alleged rape and coercive control between 2013 and 2016. In a joint statement on Thursday, the women said they felt “retraumatised” when they found out he had left Romania.

In 2024, a court ruled that more than **£2m of the Tates’ frozen assets** held in several frozen bank accounts would be forfeited under tax evasion laws. **It is alleged** they failed to pay a penny in tax on £21m of revenue between 2014 and 2022 from their online businesses.

The brothers deny all the UK allegations.

According to the documents, Andrew “repeatedly engaged in sexual intercourse and anal and oral sexual acts,” while “knowing she was 15 years old.” According to her, Andrew also beat her up with a belt and choked her – one time so hard that she fainted.

1.4. "Continuous sexual acts with a minor" - without being able to establish the number of material acts, an offense provided for and punished by art. 220 para. 1 and 4 lit. e Criminal Code with the application of art. 35 Criminal Code, consisting in the fact that, the named ANDREW TATE, starting from [REDACTED] 2020, being at the home address in [REDACTED] county or in the complex in [REDACTED], called [REDACTED] - where he had rented an apartment to the victim, repeatedly engaged in sexual intercourse and anal and oral sexual acts with the named [REDACTED] - Personal Identification Number [REDACTED], knowing that she was 15 years old;

knowledge, in this case there is a reasonable suspicion that the defendant had sexual intercourse with a minor person, aged only 15 years, the effects of these sexual abuses still being felt in the victim's psyche, aspects that result from the conversation of the named [REDACTED] with a lady on 06.01.2024 ([...] You take her so young, you fool her and make her your slave? Fuck you... And, anyway, think about it, bro, when I was little, I had sex with him, God, he put his dick in my ass and I was telling him, stop, bro; Well, that's what I'm saying, Ale, that I already have many regrets and I can't anymore [...], He choked me, fuck, when I was little, once, I fainted, fuck. He slapped me twice and I came to. And you know, when it was, it was one of these things, I don't know what, just like that, on one of these...).

17. According to the Order, the 15-year-old victim Andrew Tate is alleged to have sexually abused was named [REDACTED] and is quoted:

"Also, I specify that when we had sex, Andrew was often aggressive with me, in the sense that he beat me with a belt, choked me, it happened that once he choked me until I fainted, circumstances in which he woke me up by slapping me in the face."

Because of these serious allegations, the Tates were put on house arrest and barred from leaving Romania. But in February 2025, they received assistance from a group of corrupt kleptocrats, as the Trump administration suddenly pressured Romania to lift these restrictions.

In a striking event, Elon Musk joined a conversation on X (formerly Twitter) Spaces with controversial figures including conspiracy theorist Alex Jones and Andrew Tate, among others. The nearly three-hour session covered a range of topics, from Musk's views on population growth to discussions involving misinformation, attracting an audience of over 60,000 live listeners.

It's not actually known who pressured the Romanian officials to release the Tates, but we can always guess.

For example, "free speech platform" Rumble paid Andrew Tate over 9 million EUR annually. Peter Thiel, JD Vance and David Sacks have all invested in Rumble.

How much to earn from this alleged activity of which the boys are accused to afford luxury.

The reason why the billionaire broligarchs are aligning with the Tates could be related to their wealth and social media influence, especially among young men. 80% of British boys aged 16-17 have seen Andrew's content, and 45% of British men 16-24 view him positively.

Research found that eight in 10 boys aged between 16 and 17 had either read, listened to or watched content from the misogynistic “success coach”.

Around six in 10 boys had heard of the PM and roughly four in 10 knew who London mayor **Sadiq Khan** was, just slightly more than around a third of boys who had heard of the Labour leader **Keir Starmer**.

The survey, carried out by leading anti-fascism charity Hope not hate, and shared exclusively with *The Independent*, found boys aged between 16 and 17 were 21 per cent more likely to have consumed Mr Tate’s material than had heard of Mr Sunak.

Researchers, who polled over 1,200 people in the UK aged between 16 to 24, discovered that 45 per cent of men have a positive view of Mr Tate, while only 26 held a negative opinion of the influencer. When probed about why they like Mr Tate, most said they thought Mr Tate “wants men to be real men” or that “he gives good advice”.

However, just 1 per cent of women aged 16 to 17 had a positive opinion of Mr Tate, while 82 per cent viewed him negatively.

On 27 Feb 2025, Romania caved in to US pressure, allowing the Tates to flee to the US. Romanian prosecutors said they remain “under judicial supervision”. UK lawyer Matthew Jury, however, said that “any suggestion that the Tates will now face justice in Romania is fanciful.”

The pair had previously been banned from leaving Romania while the investigations were ongoing. After those restrictions were lifted and the brothers left the country, however, Matthew Jury – a lawyer representing alleged victims of Andrew Tate in the United Kingdom – told CNN that, “any suggestion that the Tates will now face justice in Romania is fanciful.”

After landing in Florida, Andrew Tate told reporters he and his brother were “largely misunderstood,” insisting the accusations were just a conspiracy against them and that they

did nothing wrong. He also declined to comment on whether they'd ever return to Romania.

## Tate brothers arrive in US as Romania says case against them is not closed

Controversial social media influencers Andrew and Tristan Tate have arrived in the US after Romanian prosecutors agreed to let the pair leave the country in a surprise move - **three years after their arrest on allegations of rape, trafficking minors and money laundering.**

The private jet the brothers flew in on touched down at Fort Lauderdale late on Thursday morning after a 12-hour flight.

Speaking shortly after landing, **Andrew Tate told reporters he and his brother were "largely misunderstood" and insisted the accusations were all essentially a conspiracy against him** and that he didn't do anything wrong.

But the thing about Andrew Tate is that, even though he always denies any wrongdoings, there's tons of videos where he admits to them. There's clips where he's talking to a woman, ADMITTING that he beat her before. There's also plenty of other evidence like testimonies.

16/22

Yet, MAGA Republicans champion him as a conservative freedom fighter promoting traditional values. After arriving in the US, he and his brother were “formally welcomed” by the Tampa Bay Young Republicans (@TBYR) and invited to speak at one of their events.

But not everyone welcomed the Tates with open arms – Florida Governor Ron DeSantis stated, “Florida is not a place where you’re welcome with that type of conduct.” Maybe the Tates thought they’d be more welcome in a state where @mattgaetz (and Jeffrey Epstein) resided.

And all these allegations are just the tip of the iceberg of the depravity of Andrew and Tristan Tate. They've also threatened to sue a victim of a Pakistani-rape-gang in the UK. And, as is tradition, they've also scammed people with their own crypto shitcoin, \$DADDY.

# Andrew Tate threatens Telford rape victim with legal action

Jan 8, 2025 — by Maltese Herald in Foreign, News

Samantha Smith, a teenage journalist, who was one of the victims of a Pakistani-rape-gang in Telford, was threatened by legal action by Andrew Tate for speaking about his ongoing human trafficking case in Romania. In one of her now deleted tweets, she said that:

“Andrew Tate wanting to ‘run’ for Prime Minister and tweeting about Pakistani-Muslim grooming gangs is ironic considering he’s also a Muslim man who groomed, raped and trafficked girls.”

Andrew Tate forced her to retract her claims telling her also that “Nobody feels sorry for you”. Andrew Tate is currently facing charges of human trafficking in Romania apart from being investigated for having sex with a minor. He’s also wanted by the British courts over charges of tax fraud.

Samantha Smith is one of the victims who is currently fighting for a new public inquiry on the state’s failure to prosecute and bring to justice the men who were part of the gangs that committed rape against multiple women.
